MANTRA es una empresa que comenzó su actividad en el sector de la iluminación a mediados del año 2000. Con creación y diseño propio, ha intentado aportar una "iluminación accesible, con diseño y calidad al alcance de todos", convirtiéndose este "lema" a partir de aquel momento en nuestro objetivo a desempeñar.

En un primer momento nuestro catálogo pretendió satisfacer el mercado español y los mercados vecinos, apostando con una amplia red de representación. Hoy podemos decir que MANTRA es conocida en gran parte del mundo al comercializar sus productos en Europa, América, Oriente Medio y Sudeste Asiático.

Confiamos en el buen hacer y la profesional labor de nuestros diseñadores y en nuestro criterio a la hora de crear y seleccionar objetos de iluminación que aporten personalidad, carácter y que a su vez iluminen de forma eficaz y efectiva sus espacios de una manera especial.

Estamos entusiasmados con nuestras nuevas instalaciones y esperamos crecer mucho más.

MANTRA started its activity in the lighting sector in 2000. With our own designs made in Spain, we have always pursued to produce "affordable lightings, with quality, design and available to everyone". Since then, we have made of this motto our main objective.

From the beginning, our catalogue has intended to satisfy the Spanish and neighbouring markets, working with a wide network of sales representatives. Today we can say that MANTRA is known all over the world, marketing their products in Europe, America, Middle- East and and Far- East Asia.

We entrust the professional work standards of our designers and our criteria when creating and selecting lighting products which provide distinctive character, efficiently lighting up spaces in a special style.

We're thrilled with our new facilities and looking forward to keep on growing in the future.

MANTRA est une entreprise qui a débuté son activité dans le secteur des luminaires en l'an 2000. Elle crée et conçoit ses propres luminaires, mais a décidé de les faire fabriquer en Chine étant donné la différence évidente de coût et les avantages qu'apportent une fabrication dans ce pays... afin d'offrir des « luminaires abordables, au design et à la qualité à la portée de tous ». Dès lors, cette devise est devenue l'objectif à atteindre.

Dans un premier temps, notre catalogue était destiné au marché espagnol et aux marchés limitrophes, grâce à un important réseau de représentants. Néanmoins, nous pouvons aujourd'hui affirmer que MANTRA est mondialement connue puisqu'elle commercialise ses produits en Europe, aux États-Unis, au Moyen-Orient et en Asie du Sud-Est.

c'est pourquoi, nous confions notre savoir-faire, au professionnalisme de nos designers et à notre jugement, nous créons et sélectionnons des luminaires qui apportent une touche originale et singulière tout en éclairant différemment et efficacement vos espaces.

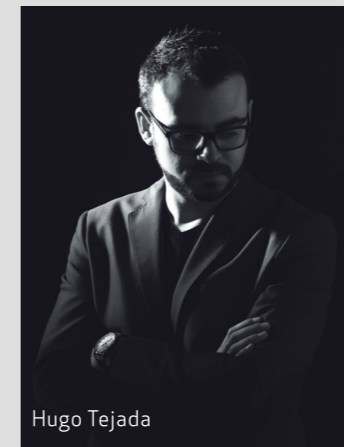

Nous sommes ravis de nos nouvelles installations et nous espérons grandir beaucoup plus.
